

24/7 NOT ON MY WATCH

PRAYER FOCUS

Day in and day out, teachers mold the hearts and teach the minds of our children and youth. Teachers make a lasting difference for generations to come. Most likely, you're able to look back with fondness for a particular teacher who encouraged you to dream big or helped you hone a specific skill. In many ways, teachers are a bright light, a friendly face, and a gentle guide. The very least we can do is offer our support, respect, and our prayers for these important key people.

PRAYER POINTS

- Grant peace to teachers in moments of stress and chaos.
- Give them wisdom to show grace and mercy and to be able to discern when discipline and sternness is fitting.
- Give them the ability to effectively and clearly teach subject-matter to students in a way that they can understand.
- Remind teachers to have patience and understanding with each child, remembering that children are unique and come from different backgrounds.
- Pray for unity between the teachers and parents so there is consistency in leadership.
- Pray for teachers' physical, emotional, and spiritual endurance.
- Fill teachers with Your Spirit, if they are not already filled.
- Help teachers love children like You would.
- Give Christian teachers courage to share the gospel when there are opportunities to do so.
