PRAYER FOCUS

The Supreme Court is the highest court in our nation. It is also the only federal court specifically names in the constitution. It is made up of eight justices and one chief justice. Historically, our court system has had great impact through their rulings. The military, small businesses, non-profits, charitable organizations, schools, and colleges have been greatly affected by their decisions. A turning and shift must occur in the minds of people who have influence in court rulings for the good of the people. We must pray that God will have mercy upon our nation and leaders that we may do what is right and pleasing in his eyes.

PRAYER POINTS

- The president and senate would have courage to appoint and confirm only God-fearing judges, regardless of pressure to do otherwise
- Every judge who does not fear God would be removed
- Each judge would remember the Constitutional limits of their authority and restrain themselves from overstepping those boundaries
- The Supreme Court judges would realize the consequences of decisions they make that are not easily altered or overturned
- Godly wisdom and righteousness would prevail in their rulings
- The fear of God would be upon each judge and their circle of influence, including staff, friends, family, and other members of government
- Pray for each member of the current Supreme Court
