PRAYER FOCUS

Pastors and their families carry a tremendous burden. Often their own needs are sacrificed for the needs of the church. They desperately need others to support them with fervent, continuous prayer. God has called us to love them, to be submissive to their leadership, and to pray for them. Our prayer and support lead to a joyful, Spirit-filled shepherd who confidently leads the congregation into a deeper relationship with God, and demonstrates a passion for revival and for reaching the lost!
