

24/7 NOT ON MY WATCH

PRAYER FOCUS

An effective organization needs layers of leadership to grow and thrive; the church is no exception. Department heads share the load with their pastors to shepherd and help disciples become disciple-makers. They are growing and maturing their own serving and leadership abilities as they provide direction for their department. Pray for them as we all work together to carry the whole gospel to the whole world by the whole church.

PRAYER POINTS

- For department heads and their families to be blessed with the provisions necessary to accomplish the mission of their ministry
- For effective communication and open dialogue between the pastor and department heads
- That department heads would have a willing and obedient spirit to follow the leadership, vision, and direction of the local church pastor
- For department heads to model a strong relationship with Jesus Christ
- For new disciples who will help partner in ministry with the department heads
- That God would give wisdom to the leader to know how to effectively run their ministry and for patience and encouragement to stay faithful to the work
- That the local church would show heart-felt appreciation and support for each leader
- That leaders would be Spirit-led and not rely on their own knowledge to run their department
