

24/7 NOT ON MY WATCH

PRAYER FOCUS

It takes countless men and women to ensure a city runs safely and smoothly. City employees impact our lives on a daily basis, yet they are often overlooked and undervalued. Take time this week to pray for the employees of your city. Go a step further and find a way to show thanks to those who work in the public service sector.

PRAYER POINTS

- For protection of all city employees, including utility workers and those who daily put themselves in harm's way to keep us safe.
- That a door will open for someone to share the gospel with workers who do not know Christ.
- That city employees would be people of character and integrity, using their resources, time, and positions wisely.
- For adequate funding to run each department in an efficient manner.
- That each city department would be willing to work together in unity for a common cause.
- That funds would be handled with honesty and not misused.
- That city workers would show kindness and patience to those they serve, and customers would return the same.
- That those involved in social work would be led by God as they make decisions that affect the families of our community.
- For knowledge and godly wisdom to do their job in a way that best benefits the community.
